

Capital Area Extension Master Gardeners

Paula Mullins Growing Gardeners Grant Application

The Capital Area Extension Master Gardeners (CAEMG) invites educators in Kentucky Counties to apply for grant money to seed a garden education project in the classroom or community. Pre-K through 12th grades are eligible to receive an award between \$250 - \$500. Preference will be given to new projects, and to those counties who have a CAEMG participating Member.

Project ideas include (but are not limited to!):

- School or community garden with cool weather, spring crops
- Composting food scraps and yard waste
- Tree planting
- Planting pollinator gardens
- Houseplant propagation and public sale
- Starting seedlings and selling or donating for summer vegetable gardens
- Educational trip to a botanical garden
- Student-led effort to partner with the appropriate county entity to identify and label plants at a local park to help educate the public
- Invasive plant species identification and removal project

At the conclusion of the project, students shall submit a Project Summary in the form of a trifold project board. The Project Summary should include between 10-20 pictures of the students at work, and brief captions of what is being done. Failure to submit the required Project Summary shall disqualify the awardee from future awards.

Projects that propagate plants and have available inventory at the end of April will be invited to setup a table at the annual CAEMG Plant Sale and earn money to seed future gardening projects. All sale tables shall have the trifold display with pictures of engaged students and captions about the project.

Interested parties should complete the CAEMG Growing Gardener Grant Application and submit to the CAEMG email by September 30.

Awards will be made in the second week of November.

Thank you for taking the time to apply for this grant. We are excited about funding as many proposals as possible, and hope you will contact us with any questions, concerns, etc. that you may have. We know you are caring, giving educators, and we want to be part of your success!
